Aiken, SC 29802

Dear Friends,

On behalf of the Palmetto Cycling Coalition's Board of Director's and members, thank you for your contribution of \$1500, received on July 18, 2011. The PCC has been proud to represent you as South Carolina's bicycle advocacy organization, and we look forward to continuing this relationship into the future.

It is through the support of clubs like ABC that we are able to strengthen our programs, expand our membership, and to develop new and innovative projects to serve our members and the entire cycling community. Together we are united in making South Carolina more bicycle friendly for everyone!

As we head into summer, we are busier than ever at the Coalition. In addition to promoting our safety and education programs, we are also staying abreast of local issues impacting bicycling and safety. We are also hosting a statewide event featuring a national speaker and expert on biking and walking issues, Mia Birk, who is also the author of an exciting new book. View the enclosed flyer for more information, and we hope that you will attend one of these events.

Thank you again for your support. I look forward to working with you to make South Carolina more bicycle friendly for many years to come!

Sincerely yours,

Rachael Kefalos Bronson
Executive Director
